

## How to use "Miracle Cleaning Powder" "Miracle Cleaning Powder" main ingredients are plants

For washing, cleaning and any rinsing water will cleanse the river and become a natural nutrient for microorganisms. It is suitable for watering pot plants. By adding a small amount in the bath tub will warm your body and make your skin smooth and have a noticeable shine. By pouring the remaining warm water onto the tiles and walls in the bathroom will prevent mold.

### Washing

- ◎Dissolves quickly in water
- ◎Place Miracle Cleaning Powder into the washing machine, add

water and then turn on the machine. It removes the dirt better.

◎Using excess amount of powder soap does not always remove the dirt better. Using too much of soap may cause sallowness. Use 5-10g for 30L, 10-20g for 40L water. (Use slightly more for heavy dirt.)

◎Washing with Miracle Cleaning Powder will make a fluffy finish.

◎It is gentle on the skin, can be recommended for babies and those with sensitive skins.

### Living

- ◎Use 1-5g per 1L water. (Use moderate amount according to the odor strength.)

◎Spraying the soap water will remove the smell of cigarettes, pets, and daily odors.

◎Spraying on tatami, carpet or on the floor will prevent infestation of bed bugs and mold.

◎Watering of Ikebana or pot plants will brighten their colors and they will last longer.

◎Spraying on the couch and other furniture will make dirt easy to remove and make them shine.

### Bathroom

- ◎Add 3-5g Miracle Cleaning Powder into the 180-200L bathtub. This will heat your entire

body, especially those that get cold easily.

◎If you use "Miracle Cleaning Powder" as a bath agent, please use a tiny amount (less than 3g).

◎When you get out of the bath, tip remaining warm water onto the tile joints and the walls to prevent mold.

◎Remaining warm water can be used for washing or watering plants in the garden.

### Kitchen

- ◎Best suited for washing vegetable and dishes

- ◎Sprinkle Miracle Cleaning

Powder on any oil or dirt around the grill or fan of the stove and wipe with a metal brush or sponge. This will remove the stains and odor.

◎The sink, taps and all stainless products will shine.

◎Sprinkle any badly stained plates or cups with natural soap and rub them. All stains will be removed easily

### Washroom, toilet

- ◎Dissolve 5g of Miracle Cleaning Powder into 1L of water and spray it then wipe surface to

prevent mold.

◎Running remaining warm water from bathtub into the drain pipe will prevent odors.

◎Cleaning the toilet with the Miracle Cleaning Powder! Spray the soap water and wipe it quickly. The toilet becomes shiny.

◎Eliminates toilet odor! Dissolve 1-5g Miracle Cleaning Powder into the 1L of water and spray it within the room. This will eliminate the smell.

◎Put 100g of Miracle Cleaning Powder into a bucket of water which can be used for flushing temporary or portable toilets. It will deter insects as well as odors.

### Carwash

- ◎Can be used as a carwash! Dissolve 10g of Miracle Cleaning Powder into a bucket of water

and wash the entire car using a sponge and a towel.

◎For cleaning inside of the car, clean by spraying the soap water. It not only removes the dirt but also makes it shine.

### Pet

- ◎Best suited for shampooing pets.

- ◎Dissolve 5g of Miracle

Cleaning Powder into a washbowl and use it as a shampoo. It not only cleanses pets but eliminates the animal odor.

◎Moreover, it is additive-free and is not toxic for the pets' skin! (For shampoo, "Miracle Cleaning Powder 2" which is gentle to the skin is recommended.)

### Agriculture

- ◎It is used as soil

conditioning for agriculture.

Dissolve 20g of "Miracle Cleaning Powder" into 350 - 400L of water and spray onto the soil.

## “Miracle Cleaning Powder” main ingredients are plants

For washing, cleaning and any rinsing water will cleanse the river and becomes a natural nutrient for microorganisms. It is suitable for watering pot plants. By adding a small amount in the bathtub will warm your body and make your skin smooth and shiny. By pouring the remaining warm water onto the tiles or walls in the bathroom will prevent mold.

### We tried hard for the powder to be dissolved easily.

Light, fluffy bubbles wash out dirt powerfully. It can be dissolved in water and we believe those who use it for the first time will find it easy to use.

“Miracle Cleaning Powder” is free from anything harmful for your health or unnecessary substances. Therefore, it is safe to use for those with sensitive skins. Also, it does not contaminate the environment.

### Truly environmentally-friendly

Waste oil collected from general households is filtered many times for making “Miracle Cleaning Powder 2”. Therefore, it has no odor. The waste oil turns out to be a powder soap which cleanses the river.

## Herbs contained in “Bansei”

### Japanese knotweed

Japanese knotweed, Itadori, its name comes from “itai (pain) dori (take out)” which means removing the pain. It is said that Itadori has a miraculous effect on skin problems, stops bleeding and eases the pain when you put its soft young leaves on the injury.

### Artemisia

Artemisia is effective for stiff shoulders, nerve pain, chilblains, and hemorrhoids, sensitive to cold, lower back pain, fatigue recovery. Artemisia had also been used to stop the bleeding of scratches and cuts. This is because of the sterilizing effect of Artemisia.

### Persimmon leaves

Rich in vitamin C which disinfects the skin, it is also said to be effective for removing the active oxygen. It is a popular cure in Korea for warming up your body to the core and also good for period pain, menopause, lower back pain, nerve pain, dry skin or hemorrhoid.

## “Bansei” - utilization and amazing features

### Refresh the room air.

Eliminates various daily room odors (odor of chemical substances generated from building materials, tobacco, food waste) and keeps the room air fresh.

### Remedy for sick building problem

Toxic chemical substances can be neutralized by using the products mixed with Bansei Liquid.

### Control everything from oxidization

Dissolves and removes the toxic active oxygen. Eliminates active oxygen which causes the body oxidization that will promote anti-aging.

Bansei Liquid is already utilized for building ecological houses, additive-free soap and cream, handmade earthenware and other housewares. It produces amazing effects and has a multitude of uses which are appreciated by all that use this additive agent.

Bansei Liquid has a result of data on acute aquatic toxicity tests for containing more than 20000mg of LD50 (No. 103013129-002, April 10, 2003 issue).

## Partnership

We are a developer and promoter of environment friendly products centering on “Bansei”, which has antioxidant, deodorization and antibacterial qualities. We do collaboration with business partners to enable us to satisfy consumers who search for safe reliable products.

We believe that we can create a prosperous future together. If you are considering the highest quality product, please contact us. “Bansei” is the additive made from natural ingredients and can be added to almost any other product.
